

Reactivation Request

Agent

Agent go to branch.

Agent

Submit a formal reactivation request with a justification for the extended inactivity.

Branch Admin

Receive the agent's reactivation request, upload the written request, and submit it to Operations for approval.

OPERATIONS

Receives the request and reviews the submitted documents and the agent's history.

OPERATIONS

Operations may set reactivation conditions, such as a required sales target within a specified period. If the agent meets the conditions, the status becomes Active; otherwise, it remains Expired.

Branch Admin

If approved, the branch informs the agent of Operations' decision and reactivation conditions via SMS or in person if the agent is present. If the agent accepts, they must pay the ₱500 reactivation fee and will be placed on probation until the conditions are fulfilled.

Branch Admin

If rejected, informs the agent of Operations' decision via SMS or in person if the agent is present.

Agent Registration Without-Upline

Upline Agent

Agent go to branch.

Branch Admin

Accept Agent for registration and Enter

its Personal Information.

Branch Admin

System automatically assigns them as Level 1 (L1). Level 1 is the only agent level that may exist without an upline..

Branch Admin

Assign the new agent to a branch. Inform the agent that multiple branch assignments are allowed, provided each branch meets the required sales target.

Branch Admin

Conduct the final assessment. Since Agent is at Level 1, inform them that their account credentials will be sent to their registered primary mobile number and email. The website provides real-time monitoring of override commissions, but its use is optional since SMS notifications are automatically sent whenever an override commission is earned.

Branch Admin

Submit Agent Registration and wait for OPERATIONS approval.

Agent Registration With-Upline

Upline Agent

Present it's new downline

agent to branch.

Branch Admin

Enter new Downline Personal Details.

Branch Admin

Enter the upline's name. The system automatically assigns
the new downline's level based on the upline's level..

Branch Admin

Assign the new downline to a branch. Inform the
agent that multiple branch assignments are allowed,
provided each branch meets the required sales target.

Branch Admin

Conduct the final assessment. If the new agent is L2 or above, inform them that their account
credentials will be sent to their registered primary mobile number and email. The website
provides real-time monitoring of override commissions, but its use is optional since SMS
notifications are automatically sent whenever an override commission is earned.

Branch Admin

Submit Agent Registration and wait for
OPERATIONS approval.

Direct Commission

Agent

Agent go to branch with it's SSP

Branch Admin

Encode new SSP entry.

Branch Admin

Log in to the AMS. If already logged in, click

Initialize SSP to fetch the latest SSP data.

Branch Admin

Identify the agent's level. If L2/L3, verify online

account access. If available, scan/show the QR ID;

otherwise, search using the agent's name.

Branch Admin

Confirm with the agent whether the commission will be

paid through GCash or by check.

Branch Admin

If GCash is selected, confirm the registered primary or secondary GCash

number to use and inform the agent that a 2.3% convenience fee will be

deducted from the commission payout.

Branch Admin

If Check is selected, process the commission and record

the check number before confirming the commission.

Branch Admin

Confirm the commission, mark the direct commission as

paid, process the override commission for the agent's upline,

and send an SMS notification.
